Rotary Cares

Solving real problems takes real commitment and vision. Since 1985, Richardson East Rotary's people of action have used their passion, energy, and intelligence to act locally and abroad.

Rotary is an organization you can count on to be efficient and effective with the hard-earned dollars you commit to our causes. When you give to our Club and its Foundation, the money goes straight to work. The Foundation has no paid staff and almost no overhead. Rotarians provide the labor. All of the net proceeds from our Rotary Cares event go directly to the projects and charities we support.

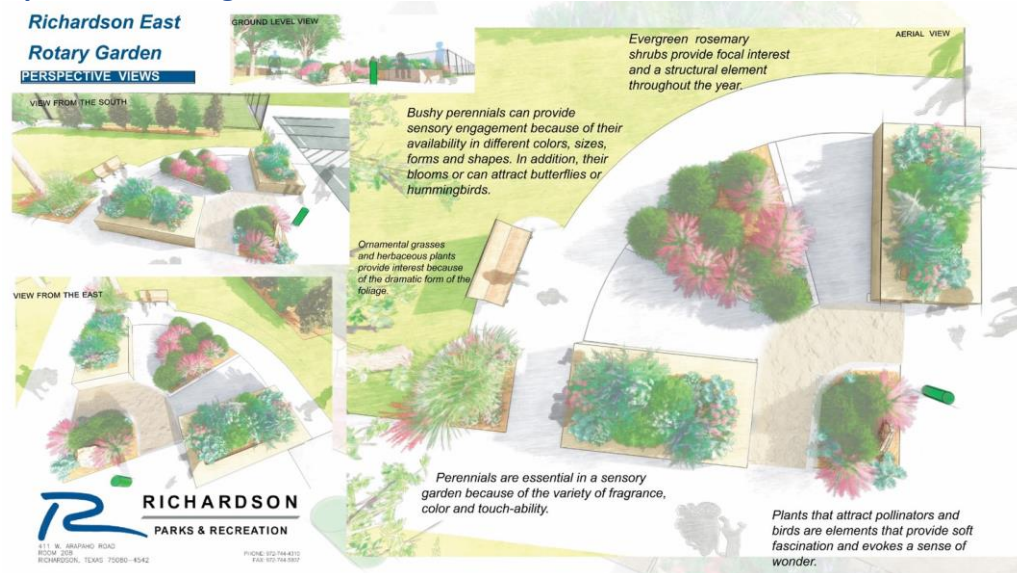

Rotary is the world's largest member-based nonprofit service organization. It engages community leaders and doers to do together what can't be done alone. Our Club's major goals this year are to increase community engagement with the Club, raise more funds for our projects and partner with the City of Richardson for planning, creation and promotion of its first inclusive playground.

Our Causes

From our incomparable signature project, the Ann Eisemann Inclusive Playground at Cottonwood Park, to scholarships for many RISD students throughout the district, Richardson East Rotary Club's compassion sets the framework to better our world. The same year our club was founded in 1985, Rotary International launched PolioPlus, its campaign to rid the world of polio (poliomyelitis). Due to the unrelenting work of thousands of Rotarians worldwide, cases of polio have decreased from an estimated 350,000 cases to just a handful.

Richardson East Rotary Club has worked with other Rotary clubs abroad to promote peace, fight disease and provide clean water, sanitation and hygiene. We are always working to better our world, and we are always looking for likeminded servant hearts to join us.

Conceptual Rendering

A Garden and A Picnic

"There is a garden in every childhood..." ~ Elizabeth Lawrence.

When the dream began to build the first inclusive playground in Richardson, we also knew we needed a sustainable, hands-on project for our club. One that would be appealing to the community and an amenity to the playground year-after-year. The sound of children at play and the fragrance of beautiful plants is a combination that makes for an enchanting place. Our garden meets that criteria and more. We launched our first "Picnic for the Playground" in June of 2017 to raise awareness of our efforts to build an inclusive playground. We had so much fun the first year that we have made this community picnic an annual event. Hamburgers, hot dogs, chips, cookies, cold drinks and a whole lot of fun for the entire family!

Dental Clinic

Two members of the Club founded the Rotary Dental Clinic in 2009. This facility provides free dental care to Richardson ISD students out of the Network of Community Ministries facility.

Richardson East Rotary Club continues to support the clinic financially and with volunteers.

Scholarships

For many years Richardson East Rotary Club has awarded scholarships to support Richardson high School students. Scholarships have been awarded for both 2 and 4-year college programs.

Applicants submit their applications through their counselor and the Richardson East Rotary Club's scholarship committee evaluates and interviews the candidates. Applications are made available in the early Spring.
